## SUBJECT-HINDI

### CLASS-II

#### Project Lay out-Subject wise-Instructions for the Project

संकेतों के आधार पर कागज़ का घर बनाइए और उस पर पांच पंक्तियां लिखे।

## SUBJECT-MATHS

### CLASS-II

#### Project Lay out-Subject wise-Instructions for the Project

##### Instructions for the Project

#### ' Numbers in my life '

- Make a chart depicting the role of numbers in your life.
- In the center of the Chart paper, draw or paste your picture.
- Then write few points about yourself in the form of numbers.

Like:

- ★ How many letters are present in your first name?
- ★ How many letters are present in your last name?
- ★ How many siblings do you have ?
- ★ What is your admission number?
- ★ How many family members do you have ?
- ★ How many days in a week you go to school ?
- ★ After collecting data in a number do as directed:
- ★ Write these data in word form.
- ★ Arrange these data in ascending order.
- ★ Arrange these data in descending order.
- ★ Use your own creativity. For your reference a picture is given here

### Activity time :

#### Ball Game

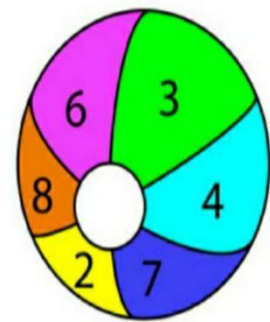

Practice basic addition and subtraction with this fun maths activity.

#### You will need :

- \* A football or any kind of ball.
- \* A permanent marker
- \* A friend or sibling

#### Instructions:

- \* Use the marker to divide the ball into large sections.
- \* Write a number in each section.
- \* Toss the ball to your friend and note the section where his thumb lands when he catches it.
- \* Write the number on a sheet of paper.
- \* Have him toss the ball back to you and note the section where your thumb lands.
- \* Add or subtract the numbers from his number and write down the answer.
- \* Keep playing this game twice or thrice and note down the answer.

## SUBJECT-E.V.S

### CLASS-II

Project Lay out-Subject wise-Instructions for the Project

#### Topic:- The Earth-Our Homeland

- How to save our Earth?
- How many land forms are there?

- Describe all land forms.
- What are water bodies?
- Draw some water bodies in a chart paper and mention the name also.
- A special category of mountains throws out gases and ash. Find out what is it called?
- Write five interesting facts about Earth.

## **SUBJECT-COMPUTER APPLICATION/ICT/IP**

### **CLASS-II**

#### Project Lay out-Subject wise-Instructions for the Project

- ★ .Make a 3D model of parts of a computer.
- ★ For making this model refer the given video or you can apply your own ideas.  
<https://youtu.be/YgY6hcLcMPU>
- Learn the given song on parts of a computer.  
<https://youtu.be/qNSHlgcPJ84>
