CLASS-III

Project Lay out-Subject wise-Instructions for the Project

A-4 शीट पेपर पर विसर्ग, अनुनासिक और अनुस्वार के चार-चार उदाहरण लिखिए-

- विसर्ग - _____ ।
- अनुनासिक - _____ ।
- अनुस्वार - _____ ।

Name of Activity- To represent multiplication tables of 2 and 3 using lines and dots (bindis).

Hints :-

- a. Draw two vertical lines.
- b. Now draw a horizontal line intersecting the two vertical lines.
- c. Paste bindis at the intersection representing $2 \times 1 = 2$.
- d. Draw two vertical lines again.
- e. Now draw two horizontal lines intersecting two vertical lines and paste bind is at the four points of intersection.
- f. These points represent $2 \times 2 = 4$.

Note: Repeat the above steps 5 times for the table of 2 and 3 and write the steps accordingly.

Do the given activity in your Maths activity notebook.

Topic:- My family

1. **Types of families (draw pictures and write few lines on nuclear family, joint family and single parent family in A4 sheet)**
2. **Make a collage by pasting photographs of your family members in A4 sheet.**
 - a) New relatives(paste pictures of your new family members in your EVS copy)

- b) Different roles of family members(draw and write few lines in A4 sheet)
- c) Make a thank you note for your parents and grandparents to show them your love and care.

SUBJECT-COMPUTER

CLASS- III

Project Lay out-Subject wise-Instructions for the Project

- Define Word Processor and write its features. Draw and label Word Window 2010.
- Make a table of shortcut keys and write the purpose of using them.
- NOTE: Do it in A4 sheet and keep in Stick file. Do it neatly and make it colourful.
