

## **REVISION PRACTICE ASSIGNMENT (RPA)**

### **SUBJECT-MATHEMATICS**

**SESSION-2020-21**

**CLASS-4**

### **TOPIC: CHAPTER-4 DIVISION**

1. CHOOSE THE CORRECT OPTION: -

[5]

- A. \_\_\_\_\_ is equal sharing or equal grouping.
- Subtrahend
  - Division
  - Multiplicand
  - None of these
- B. Division is the reverse process of \_\_\_\_\_
- Dividend
  - Multiplication
  - Subtrahend
  - Minuend
- C. Dividing any number by 0, the result is \_\_\_\_\_
- Zero
  - One
  - No meaning
  - None of these
- D. Divide 1 from a number gives \_\_\_\_\_
- Zero
  - One
  - Predecessor
  - Same number
- E. Dividing 0 by any number always gives\_\_\_\_\_.
- Zero
  - One
  - Number itself
  - None of these

**2. VERY SHORT ANSWER TYPE QUESTIONS: -**

**[5]**

- A. Fill in the blanks:  $- 18 \div 18 = \underline{\hspace{2cm}}$
- B. Divide the following:  $- 108 \div 12 = \underline{\hspace{2cm}}$
- C. Solve quotient and remainder:  $84,729 \div 100$
- D. Is it true or false: **Dividend= (Divisor x Quotient) + Remainder?**
- E. Simplify using DMAS:  $- 8 \times 7 - 2 \times 256 \div 16$

**3. SHORT ANSWER TYPE QUESTIONS: -**

**[6]**

- A. If the dividend is 17,384 and the divisor is 78, find the quotient and the remainder?
- B. Divide the largest 4-digit number by the largest 2-digit number. Write the quotient and then remainder.
- C. How many hours are there in 58,980 minutes?

**4. LONG ANSWER TYPE QUESTION: -**

**[4]**

- A. A chartered flight starting from Mumbai for Delhi charged Rs. 3,41,250 from 65 passengers. How much money was paid by each passenger?
