Cake template worksheet
Tens and ones cut outs

PLACE VALUE CAKE

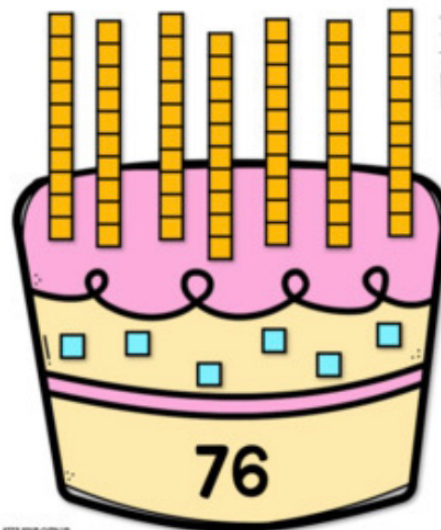

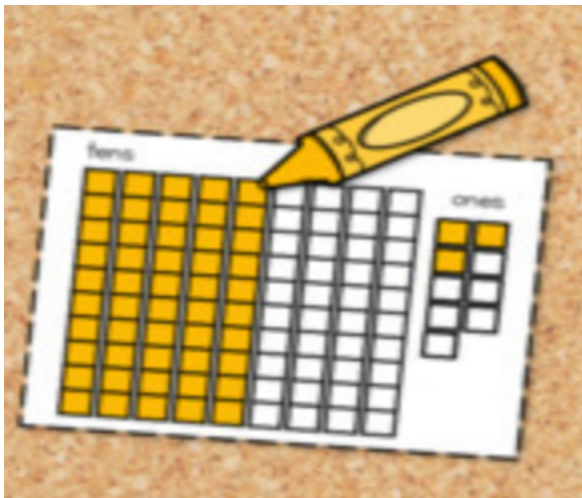

My cake has
_____ tens and
_____ ones.

The total
value is _____.

Requirement:-

Procedure:-

1. Student will choose their own number and write the number in the cake.
2. Make a worksheet of tens and ones column.
3. Colour in the tens and ones blocks before cutting it.
4. An example is included so that students know how to construct the cake.

Ms.Chin's PLACE VALUE CAKE

My cake has
7 tens and
6 ones.

The total
value is 76.

SUBJECT-EVS

CLASS-I

Project Lay out-Subject wise-Instructions for the Project

Topic- Sense Organs

SENSE ORGANS CHART

Divide the chart paper in 5 sections (if not available, you can use 5 white loose sheets and assemble them together).

In each section draw and colour one Sense organ and write their name. Now in each section draw and color or paste the cut-out of things which are related to the drawn sense organs and write their name.

Materials required:- chart paper (or white loose sheets), sketch color, pencil, eraser, ruler.

For reference you can check the given link.
